Jeff delivered an engaging, interactive presentation that kept people leaning in the whole time, while also providing practical takeaways that our participants could use immediately. The feedback was overwhelming: Jeff ranked as one of the top presenters of the event, and many commented on how refreshing and memorable his approach was. His presentation was one of the highlights of the entire conference. I would not hesitate to bring him back again.

Jeff did an outstanding job as our keynote speaker for our annual "kick off" event!! Jeff was super engaging and fun to listen to. The message was perfect for our team, he tied it into our organization nicely and I know we will remember what he said for years to come. Thank you Jeff, so happy you could join and inspire us!"

Jeff I wanted to let you know how much I appreciated your presentation. My husband and I just bought our first home and we are about to move to a new and unfamiliar town with our two young kids, so a lot of the messages you were sharing resonated with me. As well, my husband has been hard at work on some renovations at the house before we move in and you've inspired me to really show him how much he is appreciated. So, thank you!"

Kelsey Van Ere – from Interfaith Counselling Mental Health Breakfast, Wilmot ON

Jeff is a highly effective presenter. Coming from the business world, he was probably one of the most effective communicators I have experienced. High energy delivery, appropriate amount of content, excellent examples given. Very impactful!
